

All children in our school receive Quality First Teaching which demonstrates assessment for learning and a stimulating curriculum embedded at the heart of all teaching and learning. Disadvantaged children are invited to attend our breakfast club to support attendance, financial help with educational trips, enrichment clubs such as violins or woodwind. All children are tracked as a group and individually to ensure at least good progress. Progress and attainment is discussed at staff training, pupil progress, performance management, senior leadership data analysis and Governor meetings. Talented children will be invited to aspirational visits and speakers such as visits to meet the players at Crewe Alexandra FC, creative writing workshops with local authors and story tellers, practical sessions with local artists and illustrators. Our school also maximises the links between schools within the local community to promote talents and raise aspirations of these children.

SEN Support

- Catch up Intervention
- PLP targets and support
- Home-school packs
- Formal Intervention sessions *
- Daily readers
- Daily spellers (Zap it!)
- Homework Club

Lower attaining

- Catch up Intervention (assembly/afternoon)
- Home-school packs
- Daily readers
